

TKT | Teaching Knowledge Test

TKT is a series of modular teaching qualifications which test your knowledge in specific areas of English language teaching. It will help you to build your confidence, and is a cost-effective way to get an internationally recognised qualification. Whether you are a new teacher or have years of experience, TKT is ideal for people who need to prove their teaching knowledge with a globally recognised certificate.

There are five modules that can be taken in any order or combination:

Core modules:

- Module 1: Background to language learning and teaching
- Module 2: Lesson planning and use of resources for language teaching
- Module 3: Managing the teaching and learning process

Specialist modules:

- TKT CLIL: Content and Language Integrated Learning
- TKT YL: Young Learners

You can take as many modules as you want, over any time period. You receive a Cambridge English certificate for each module you complete.

TKT is ideal if you:

- are already teaching, but would like to take an internationally recognised qualification to gain formal recognition for your experience
- want to improve your career opportunities by widening your teaching experience into specialist areas
- want to keep your teaching skills up to date

Preparing for TKT will improve your confidence as a teacher and give you the knowledge and skills to help you develop your career.

You can take TKT whatever your background and teaching experience. You do not need to have a certain level of English to take it.

TKT is awarded by Cambridge Assessment English. It is internationally recognised, highly respected and a benchmark for quality.
